

Adresát:

Naše č. j.: TSK/Zde/074/2025
Dne: 1.10.2025

Odpověď na žádost o poskytnutí informace dle zákona č. 106/1999 Sb., o svobodném přístupu k informacím, ve znění pozdějších předpisů

Vážený pane [REDACTED],

k Vaší žádosti o poskytnutí informace dle zákona č. 106/1999 Sb., o svobodném přístupu k informacím, ve znění pozdějších předpisů (dále jen „Informační zákon“), doručené do datové schránky TSK dne 22.9.2025, zasíláme informace obdržené od oddělení správy telematických systémů Technické správy komunikací hl. m. Prahy, a.s. (dále jen „TSK“).

K požadavku:

„žádám o poskytnutí následujících informací:

1. Agregovaná data o průjezdech motorových vozidel z měřidel v ulici Komořanská za rok 2024 a za první pololetí roku 2025, konkrétně zde:

<https://mapy.cz/zakladni?q=radar&source=traf&id=48606649&ds=2&x=14.4095926&y=49.9915440&z=1>
Počty vozidel a jejich průměrnou rychlost za časové úseky – denní a noční dobu, v případě dostupnosti dat také za kratší časové úseky, ze kterých lze přibližně odlišit například ranní a odpolední dopravní špičku. Data mohou být předána v neagregované formě, ze které je možné uведенé informace získat následným spojováním, sčítáním či zprůměrováním podrobnějších údajů (např. ve formátu xlsx nebo csv), zvláště pokud to usnadní vyhovění této žádosti.

2. Dopravní studie či jiné průzkumy nebo analýzy dopravní situace související s akcí č. 1000295: Komořanská – napojení na Pražský okruh, P12.

Podkladové studie, které sledují budoucí stav dopravy zejména na území Komořan a Prahy 12 po napojení ul. Komořanská na Pražský okruh D0“

Sdělujeme:

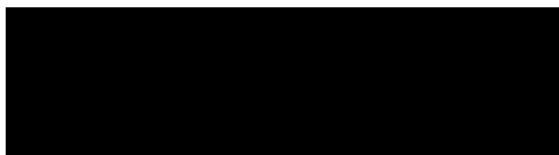

Ad 1) V lokalitě vymezené v bodě č. 1 této žádosti má TSK ve správě zařízení pro měření úsekové rychlosti (dále jen MÚR), které poskytuje poptávané informace. Tato data z MÚR v ulici Komořanská za rok 2024 a

za první pololetí roku 2025 přikládáme do přílohy ve formátu csv, a to zvlášť pro směr Zbraslav a zvlášť pro směr Modřany. Příloha č.1. a 2. Dále je zde instalovaný systém informativního měření rychlosti u křížení s ulicí Revoluce pro Komořanskou ulici ve směru na Zbraslav. Toto zařízení však nedisponuje funkcí sběru statistických dat.

Ad2) v příloze č.3 zasíláme Pentlogram intenzity křižovatky *Komořanská – KOMOKO – Branišovská*, který má TSK k dispozici pro tuto stavbu. Okružní křižovatka je kapacitně dostačující bez očekávaných problémů, proto nebyla nadále intenzita prověřována.

S pozdravem

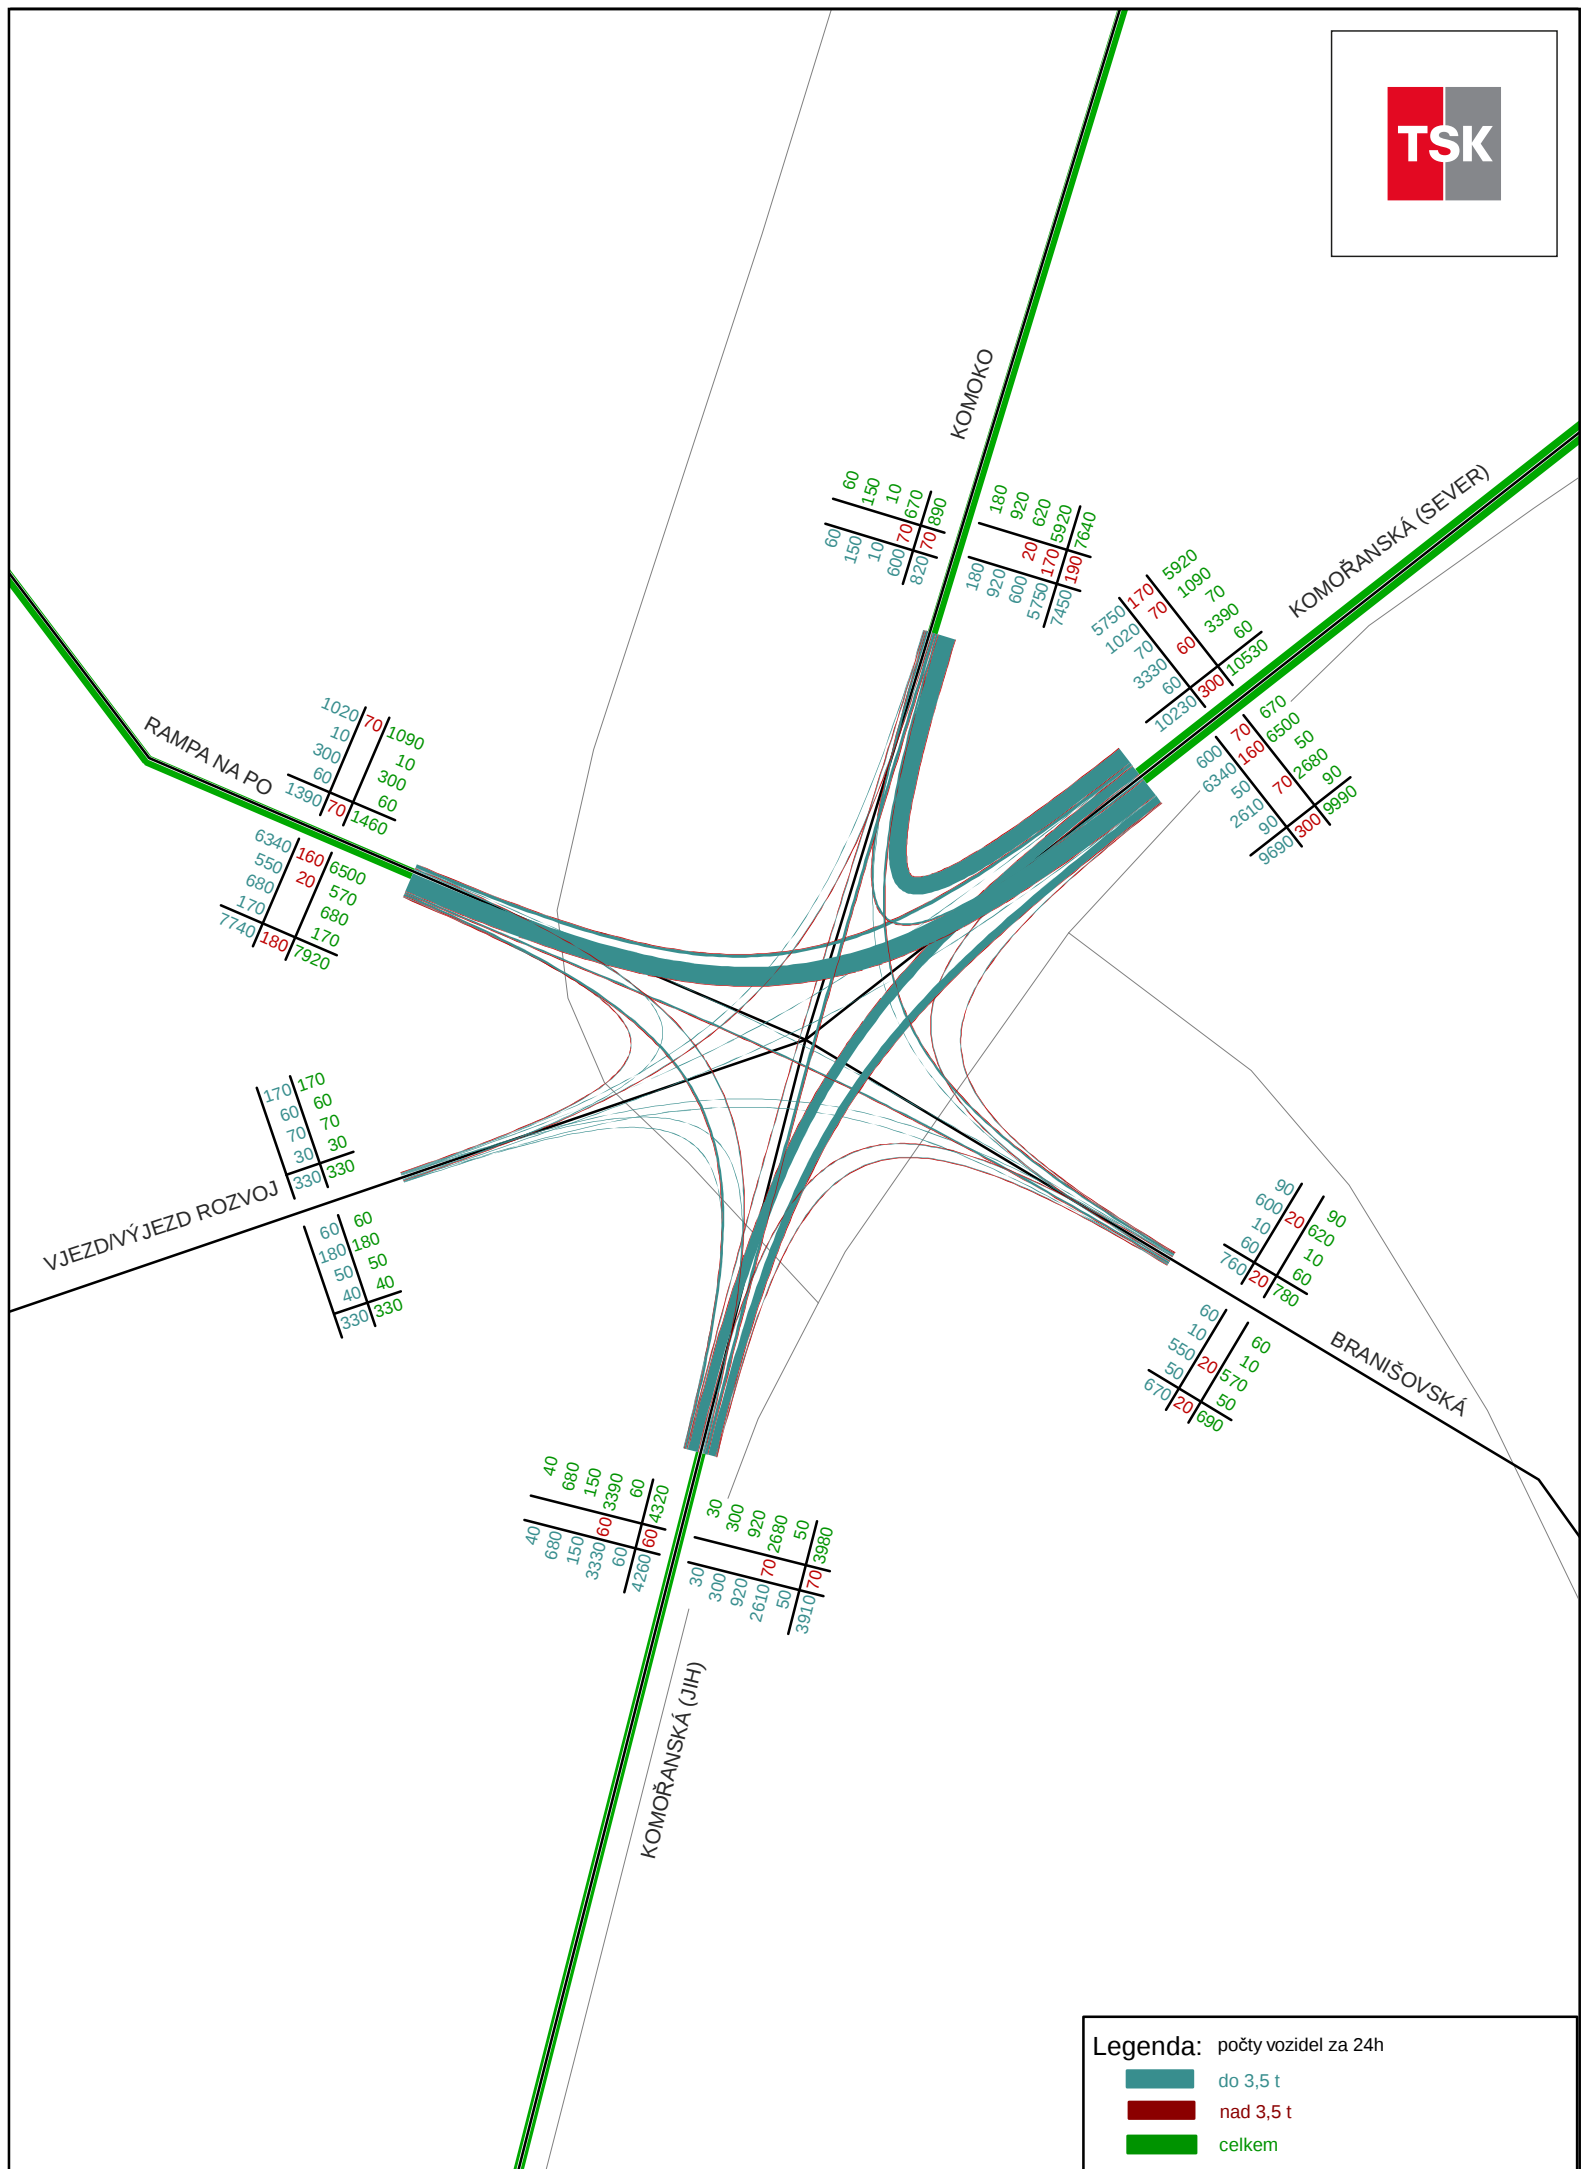

vedoucí oddělení právního a corporate governance

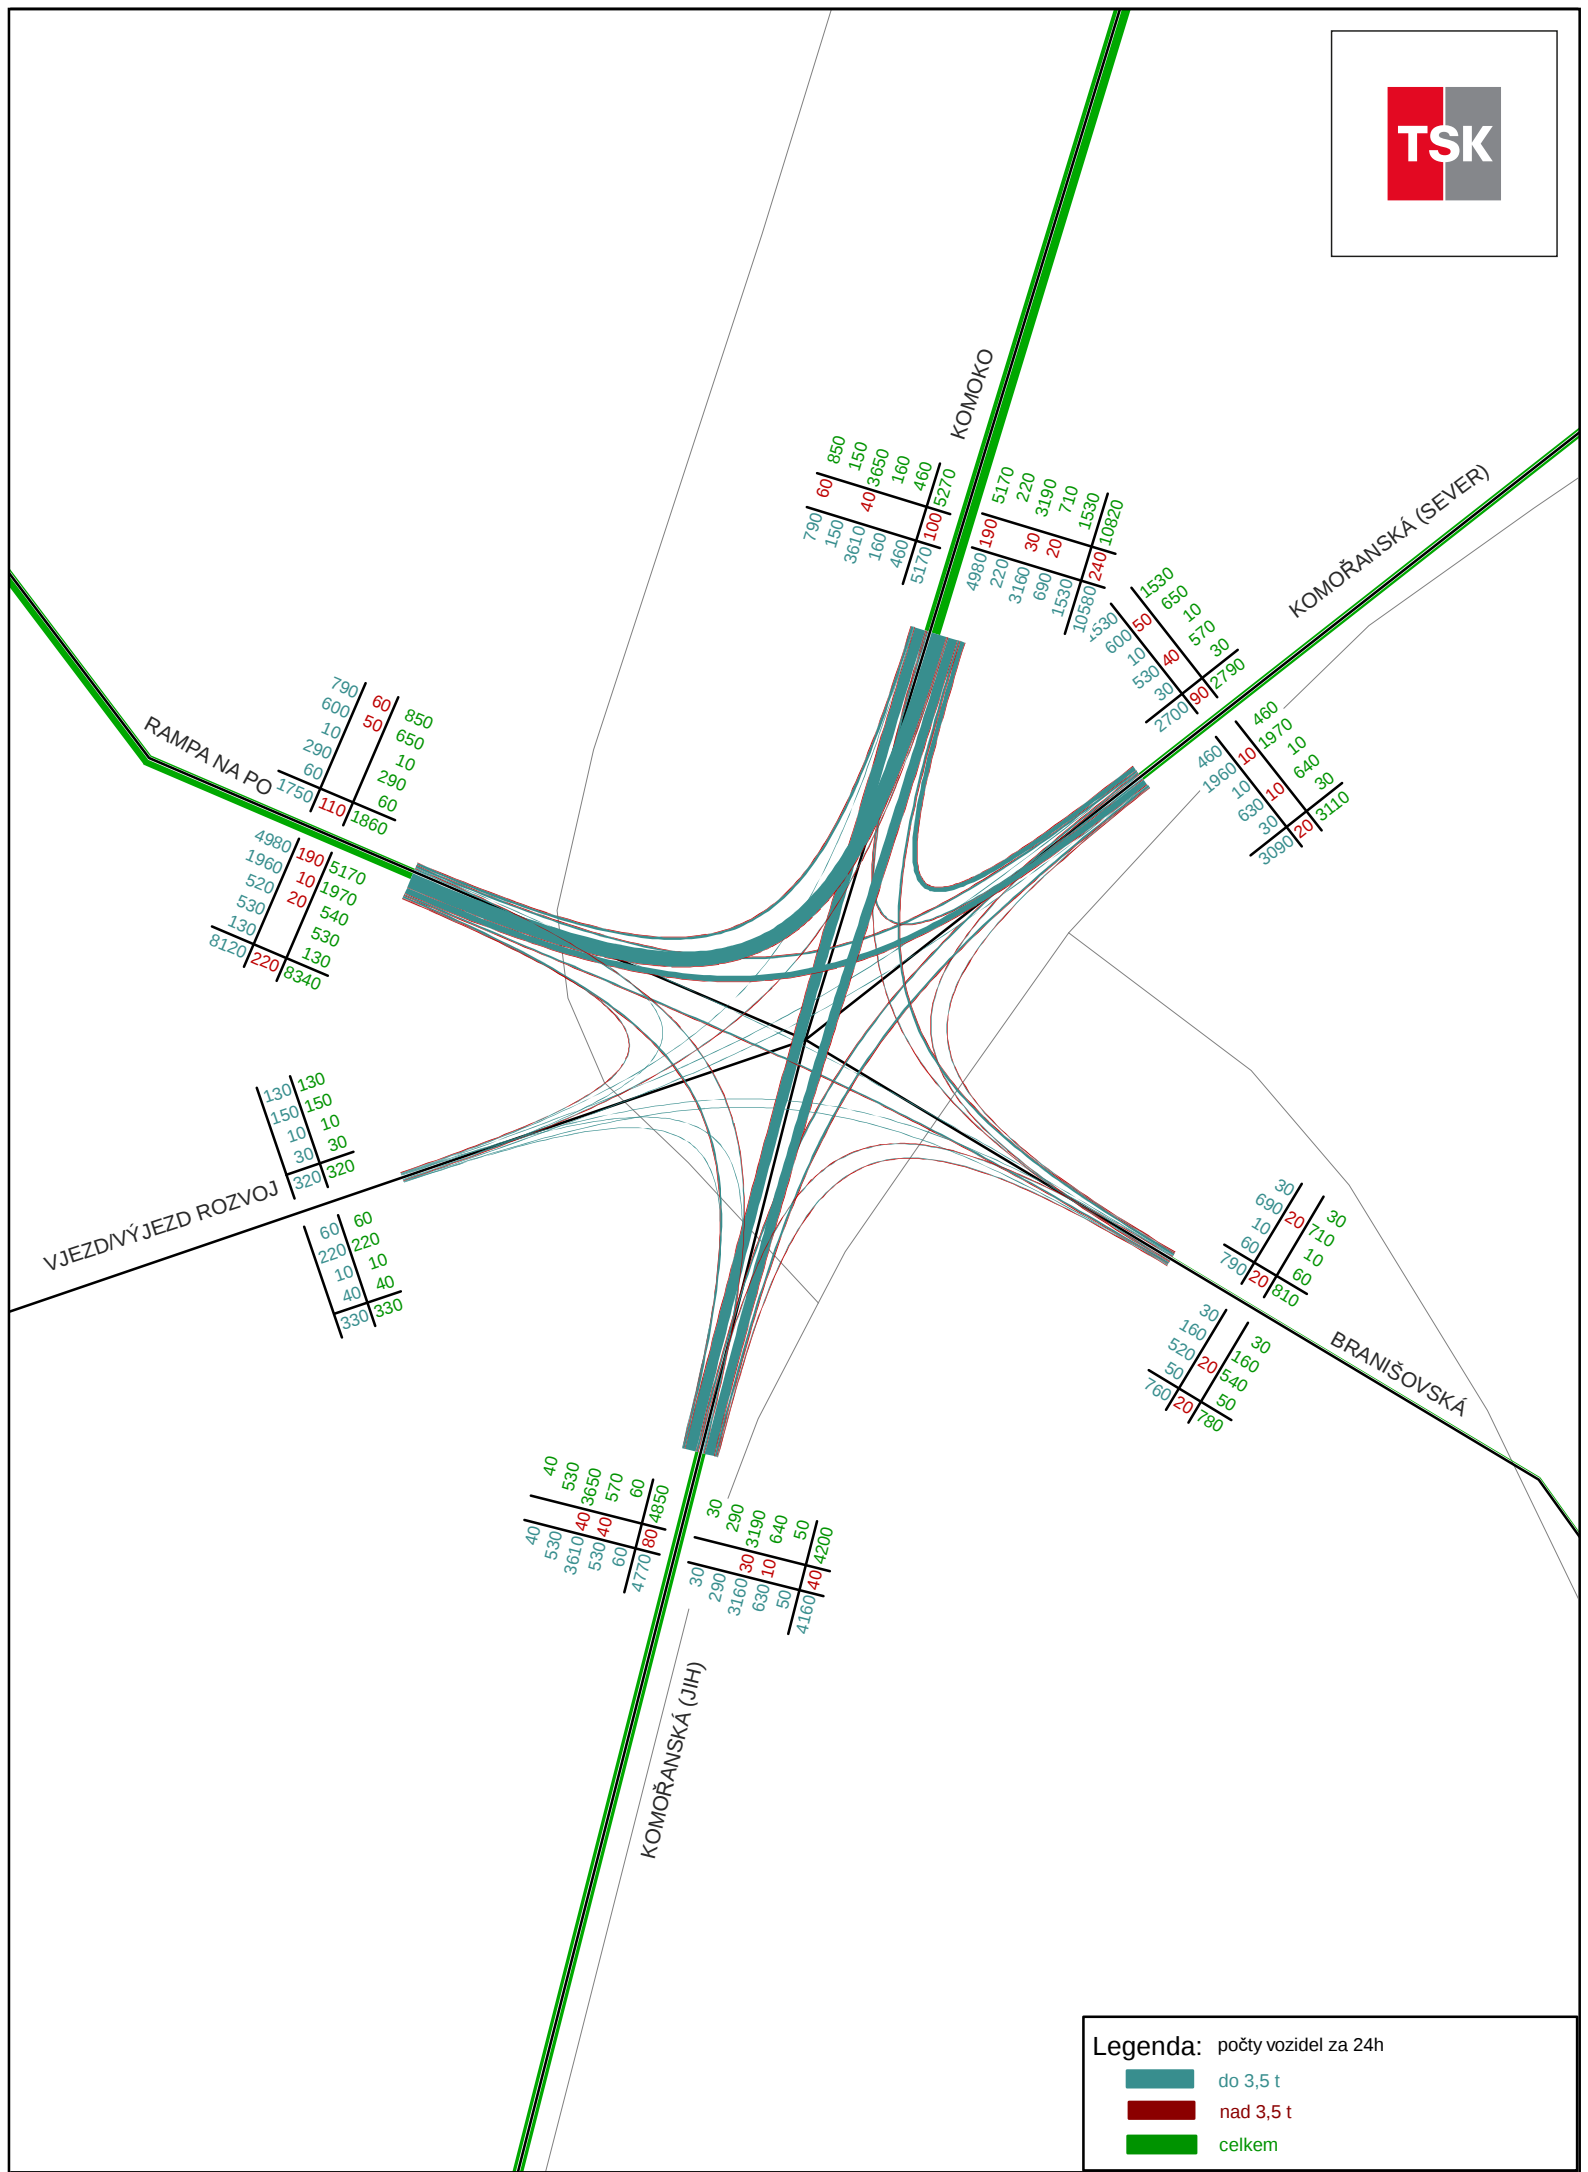

Příloha: 1. MUR Komořanská směr Zbraslav
2. MUR Komořanská směr Modřany
3. Komořanská – KOMOKO – Branišovská
